

TRANSPORTING CHILDREN TO BETTER HEALTH

Annual Report 2025

Our Purpose

Kid One Transport has been working since its beginning in 1997 to bridge the transportation gap that prevents thousands of Alabama's children and expectant mothers from accessing much needed health care services, thereby ensuring a higher quality of life for each individual and family that we serve.

Mission

To transport children and expectant mothers, with limited or no transportation, to medical care.

Vision

For every child in Alabama to live a long and healthy life.

Goal

To one day be able to provide transportation in every county in the state of Alabama.

A Note From Our Board Chair

Dear Friends and Partners,

It is my honor to share this message of appreciation and reflection on behalf of the Kid One Transport Board of Directors. Your continued support has played a pivotal role in advancing our mission to ensure that children and expectant mothers across Alabama can access vital health care services without the barrier of transportation.

Since our founding in 1997, Kid One Transport has completed more than 489,000 transports for over 56,000 families. This level of impact is made possible through the steadfast commitment of individuals, organizations, and community partners who believe, as we do, that access to health care should never depend on the ability to travel.

Over the past 29 years, your generosity has enabled families statewide to keep essential medical appointments, adhere to treatment plans, and focus on their health and healing with greater confidence. Your partnership strengthens our communities and ensures that Kid One continues to meet the evolving needs of those we serve.

As we look toward our 30th year and beyond, the Board remains focused on long-term sustainability, operational excellence, and strategic growth. We are committed to ensuring that Kid One Transport is well-positioned to support Alabama's children and families for decades to come. Your ongoing engagement—through your philanthropy, advocacy, and collaboration—is vital to this work.

On behalf of the Board of Directors, thank you for your leadership, your investment, and your enduring dedication to Kid One Transport. Together, we are creating a healthier, more connected future for families across our state.

With sincere gratitude,

A handwritten signature in black ink that reads "Delpha F. Bartley-Jones". The signature is fluid and cursive.

Delpha Bartley-Jones
Board Chair, Kid One Transport

A Note From Our Executive Director

Dear Dedicated Supporters, Stakeholders, Providers, and Friends,

Thank you for fueling our mission and allowing Kid One to transport children and expectant mothers to better health in 2025.

It is my profound honor to share my first annual report message as the new Executive Director of Kid One Transport. Since my service began in January 2026, I have spent my time listening, learning, and observing in awe the amazing impact of our mission and service. You make this possible, and I look forward to riding alongside each of you as we continue to bridge the gap for families throughout the state, ensuring that transportation is no longer the barrier to necessary, sometimes even life-saving healthcare.

My career in the nonprofit sector began nearly 27 years ago, and one of the first organizations I had the privilege of working with was Kid One. I was deeply moved then by the drive that sparked this mission, and in 2026, that same spirit still inspires me. What began as “one man, one van, one vision” has flourished into a fleet of more than 11 vehicles, providing nearly 16,000 transports spanning across more than 35 counties.

Together, we have achieved incredible milestones, but our work is far from finished. In 2026, our focus is to:

- Explore Growth: Identify and pursue opportunities to expand our service area to reach more families in need.
- Increase Awareness: Amplify the Kid One story and mission across Alabama.
- Sustain Partnerships: Strengthen and build lasting relationships with donors and partners across our service area.
- Empower Our People: Provide our staff, board, and volunteers with the resources they need to do their best work.

Thank you for your support, your time, your stories, and your dedication and thank you for welcoming me so warmly into the Kid One family. I look forward to working with each of you.

With gratitude and determination,

Miranda B. Springer

Miranda Springer, Executive Director

Kamille

Kamille is 8 years old and in remission from leukemia. Her journey isn't over. She still travels regularly from Phenix City to Birmingham for follow-ups and lab work. Thanks to Kid One Transport, Kamille and her mom never miss an appointment.

“Kid One lets her dad work while we go to Birmingham and the doctor. Thanks to Kid One’s help, our family is able to thrive,” her mom says.

FUEL OUR MISSION

Fuel Our Mission:

Help Kid One transport children and expectant mothers to better health by donating to fuel our vehicles.

Every \$50 fills a tank and helps ensure that lack of transportation is not a barrier to success for our families.

Other Ways you can get Involved: Impact Kid One's mission by participating in one of our great annual events, Diamonds for Life, Trick or Trot, Polar Express, and so much more.

Go to our website or follow us on social media to learn more.

Khadaiah

Khadaiah, an expectant mother from the Northside of Birmingham, has relied on Kid One Transport weekly for more than two months to reach critical OB care during her high-risk pregnancy. Without a car, she had no way to access the specialists monitoring her and her baby.

Because of Kid One, Khadaiah says, *"I never missed an appointment and can focus on a safe pregnancy and healthy delivery"*.

Omari

Omari rides with Kid One Transport from Anniston to Birmingham to access vital medical care at Children’s of Alabama. After undergoing an intestine transplant, he relies on Kid One to reach his specialist for regular checkups.

His mother shared, *“Without Kid One Transport, I would have to ask family members to get to Birmingham – they would have to miss work.”*

Mia

Mia's journey started after she sustained a traumatic brain injury as an innocent bystander in a drive-by shooting. Mia's family relies on Kid One weekly because they do not have a wheelchair-accessible vehicle. With Kid One, Mia can reach many different specialists to receive a variety of treatments in a single week.

Mia's mother, shares: *"Kid One helps Mia access the care she needs. We don't have other options to get her places because wheelchair accessible vehicles are so expensive."*
